

Jiahao Zheng | CV

Undergraduate Student, Nanjing University of Posts and Telecommunications

B.E. in Internet of Things Engineering | GPA 4.12/5.00 | Rank 1/100 | CET-6 498

Research Interests: 3D Vision, 3D Gaussian Splatting, Multimodal Learning, Embodied AI, World Models,

Research Experience:

- SegGeoGS: Sparse-View 3D Gaussian Splatting, ACM ICMR 2026, CCF-B.
- Real2Sim: Interactive Urban Scene Instantiation, ICT-CAS IIP-VIPL Lab.
- Robotic Arm Control via MuJoCo and Sim2Real, Tsinghua AIR Summer Program.
- Diamond NV-Center Quantum Sensing, Applied Physics Letters / Chinese Physics B.
- Editable CAD Generation and Programmatic 3D Reconstruction, Tsinghua GME Lab.

Honors:

- National Scholarship, sole recipient in major.
- National Encouragement Scholarship; Cilin Scholarship, sole recipient in school.
- Outstanding Student Model, top 1%.
- National awards in IC innovation, RoboMaster, RoboCup, MCM/ICM, and Mathematics Competition.
